	Less	
	Don't know	
Q8	Have you ever seen a modern wind turbine i operation?	n
	Yes56% No	44%
Q9	What is your general attitude toward wind turbines?	
	Very positive	56%
	Positive	27%
	Neutral	10%
	Negative	5%
	Very negative	2%

Q10	In your opinion, what effect do wind turbines have on the appearance of the landscape? Very positive
	Very negative 2%
Q11	In your opinion, what effect do wind turbines have on the environment? <i>Very positive</i>
	Positive
	Neutral
	Negative
	Very negative
Q12	Studies of the wind resources in western North Carolina have shown that we have very good wind resources along our mountain ridges, and that these ridges would, in general, be the only adequate places for wind turbines in western North Carolina. Do you think placing wind turbines on mountain ridges in western North Carolina should be: <i>Encouraged and promoted</i>
	Allowed in appropriate circumstances
	Tolerated
	Prohibited10%
	Not sure 5%

012	Wind turbines come in a variety of sizes from	`
Q13	small residential or farm size turbines to larg commercial scale wind turbines. The larger scale turbines can typically produce electricit less expensively and can produce significant more electricity. Do you think placing a single large wind turbine on privately owned mount ridge land in western North Carolina should <i>Encouraged and promoted</i>	e ty tly e ain be:
	Allowed in appropriate circumstances	45%
	Tolerated	7%
	Prohibited	7%
	Not sure	6%
Q14	Do you think clusters of large turbines or win farms constructed along privately owned mountain ridge land in western North Carolin should be:	na
	Encouraged and promoted	
	Allowed in appropriate circumstances	
	Tolerated	
	Prohibited	
	Not sure	7%
Q15	Do you think placing a single residential or fa scale wind turbine on privately owned mount ridge land in western North Carolina should Encouraged and promoted	tain be:
	Allowed in appropriate circumstances	
	Tolerated	
	Prohibited	
	Not sure	
Q16	In general, would the presence of wind turbin in western NC make you more or less likely want to live here in western North Carolina? <i>More likely</i>	nes to
	Less likely	
		0/0

Q17 National Forests are public lands used for timber harvesting, watershed protection, mining and recreation. These lands do not include national and state parks such as the Blue Ridge Parkway or the Great Smokies National Park. Do you think that placing wind turbines on National Forest Lands in western North Carolina should be: Encouraged and promoted24% Allowed in appropriate circumstances......43% Tolerated 00/

	8%
Prohibited	20%
Not sure	5%

Q18 North Carolina Legislators are considering legislation that would limit wind energy development on mountain ridges in western North Carolina to small windmills less than 100 feet tall that primarily produce electricity for use within a residence. These limitations would prohibit any larger scale commercial wind turbines on mountain ridges. Do you feel this legislation is:

Far too restrictive16%	b
Inappropriate10%	Ď
Don't know	'n

Q19 In general, would you support a state wide wind energy permitting process, if it involved both state and county oversight and provided both the state and county with the ability to deny a permit if the project was considered to be inappropriate? v

Yes	67%
No	
Don't know	21%

Q20 What is your age?
